## Editorial

Despite passing through the transitional occurrences because of various hazards gone above the sky of Bihpuria College in terms of the challenges of social, natural, economical, academics and the like; we, the Bihpuria College fraternity always tried to join hands together to accomplish the goals framed for the wellbeing of the institution. After a major blow of epidemic occurred as COVID-19, while we were trying to compete with the academic goal, summer has welcomed a temporary water logging in the campus which has been turning away the regular routine from the institution creating an aftermath effect for the proposed visit of NAAC Peer team. Notwithstanding, the college is packed with difficulty of various sorts, we, are at work incessantly in our respective fields for better days to come which is reflected in this Newsletter covering the wide range of activities that brings out glimpses of academic aura of the college and outside as well. We, the editors, express our gratitude and indebtedness to Principal Sir, entire team and the colleagues without whose assistance and constant support, it would not be possible this version of Newsletter to come into existence.
